

Arkwings friends and supporters,

As we continue to adapt to the ever-changing circumstances brought on by COVID-19, the health and safety of our participants, volunteers, and staff is of utmost importance. In order to help in preventing the spread of the virus, we are taking great care to follow guidelines provided by the Shelby County Health Department and other informed sources.

We have limited access to the Arkwings house to individuals or small groups to allow for adequate distancing. We require masks, hand washing/sanitizing, and have implemented sign-in sheets for contact tracing, signs and visual reminders, frequent cleaning and disinfecting practices. For outdoor activities, we are enforcing distancing and personal sanitizing protocols, and have created visual cues for distancing to make it easy to follow 6-foot protocols.

Wellness is more than the absence of illness. This year, we have all learned what this means. People are tired, stressed, and isolated. Arkwings is committed to evolving so that we can continue providing opportunities for our neighbors to experience the healing power of arts and nature.

If you would like to schedule a time to visit Arkwings, please call or email and we will arrange a time. Come out and take a walk, share words and thoughts to our Poetry Tree, add your personal touch to our community mini-murals, bring your lunch and plan a family picnic on the lawn. Or just relax and listen to the birds, breeze, and trees.

We will also share virtual activities for you and your family or friends to engage from home. You can find us online at:
